Admin Details in Db2 on cloud

The screenshot shows the IBM Db2 on Cloud console. The top navigation bar includes 'Load Data', 'Load History', 'Tables', 'Views', 'Indexes', 'Aliases', 'MQTs', 'Sequences', and 'Application objects'. The 'Tables' tab is selected. The main content area displays the details for a table named 'ZXY98776.ADMIN'. A table with two columns, 'USERNAME' and 'PASSWORD', is shown. The first row contains the values 'admin' and '123'. There are buttons for 'Back' and 'Export to CSV'.

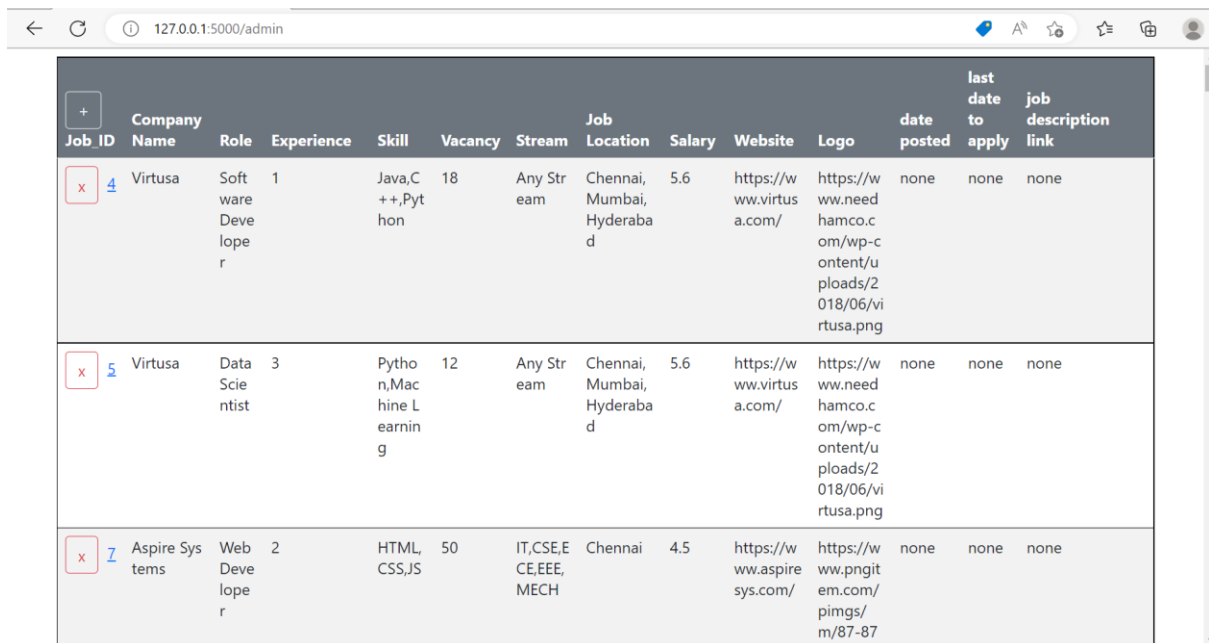

USERNAME	PASSWORD
admin	123

Admin Login Page

A screenshot of a web browser showing the Admin Login Page. The browser's address bar displays '127.0.0.1:5000/admin2'. The page features a large blue curved background on the left with an illustration of three user profile cards, one of which is highlighted with a checkmark. The text 'POST JOB' is visible on this blue area. On the right, the heading 'ADMIN LOGIN' is displayed above two input fields: one for the username 'admin' and another for the password '123'. A blue 'LOGIN' button is positioned below these fields.

Admin: Post a Job, Delete a Job After Application Date Ended, Delete Fake Company Account

A screenshot of a web browser showing an admin dashboard. The browser's address bar displays '127.0.0.1:5000/admin'. The dashboard contains a table with job listings. Each row in the table has a red square icon with a white 'x' in the first column, followed by a blue link icon. The table has 14 columns: Job_ID, Company Name, Role, Experience, Skill, Vacancy, Stream, Job Location, Salary, Website, Logo, date posted, last date to apply, and job description link.

Job_ID	Company Name	Role	Experience	Skill	Vacancy	Stream	Job Location	Salary	Website	Logo	date posted	last date to apply	job description link
